Top tips!

To help you be prepared for your trip

- 1 Check all your flight details and information as soon as you receive the confirmation so that any mistakes can be rectified in time, and so that you can plan your trip.
- 2 Don't forget to do the Online Check-in in advance for your flight and arrive at the airport at least 2 hours before departure.
- 3 Check the luggage allowance on your ticket with the airline. We will include one piece of checked luggage, usually around 20 kgs. If your luggage is over the weight allowed by the airline you will need to pay yourself.
- 4 Keep the original receipts for any travel to training you have paid yourself. This would need to be pre-approved and you can only claim the money back with an original receipt.
- 5 There are currently no COVID-19 travel restrictions. However, please keep yourself informed about the training destination you are travelling to and we will inform you if any rules regarding vaccinations, COVID testing or face masks change.
- 6 Bring a short extension lead to charge your devices, then you only need to bring 1 EU plug adapter.
- 7 As Turkey is not in the EU you have to pay for calls and for using mobile data, so check your mobile contract in advance. Turn the mobile data off before getting on the flight. Wi-Fi in the hotel is very good. If unsure, always check with your provider first.
- 8 Training will take place at our TUI resorts, so please remember to be respectful of all our colleagues and guests by ensuring your behaviour reflects that of one expected in your destination, as a proud ambassador of TUI.
- 9 Come with an open mind, be ready to learn, ask lots of questions and meet your new colleagues. And most of all have FUN!!

Dress code

- From the moment you arrive at the training venue you will be representing the business. Its important that you present a positive smart image at all times, both in the way you dress and the way you behave.
- Dress smart, but comfortable during training sessions. There will be a mixture of classroom, practical and possibly some outdoor activities. The evenings will be cooler, so bring a jacket, cardigan or jumper.

What NOT to wear during training

Of course you are free to wear your own clothes during your free time in the evenings.
