TOP TIPS

To help you be prepared for your trip!

- 1** Check all your flight details and information as soon as you receive the confirmation, so that any mistakes can be rectified in time and that you can plan your trip. Flights have been booked based on information you have provided & availability at the time of booking. Please do not request a flight change to be with a friend once this has already been booked.
- 2** Don't forget to do the Online Check-in in advance for your flight where possible and arrive at the airport at least 2 hours prior to departure.
- 3** Check the luggage allowance on your ticket with the airline. We will include one piece of checked luggage, usually around 20 kgs (unless you are travelling straight to your summer destination and its 40 kgs). If your luggage is over the weight allowed by the airline, you will need to pay this yourself.
- 4** Keep the original receipts for any travel to training you have paid for yourself. This would need to be pre-approved and you can only claim the money back with an original receipt once in your summer destination.
- 5** There are currently no COVID-19 travel restrictions. However, please keep yourself informed about the training destination you are travelling to and we will inform you if any rules regarding vaccinations, COVID testing or face masks change.
- 6** Training will take place at our TUI resorts, so please remember to be respectful of all colleagues and guests, by ensuring your behaviour reflects that of the one expected in your destination, as a proud ambassador of TUI.
- 7** Come with an open mind, be ready to learn, ask lots of questions and meet your new colleagues. And most of all have FUN!!!

DRESS CODE

From the moment you arrive at your training venue, you will be representing the business. It is therefore important that you present a positive smart image at all times, both in the way you dress and the way you behave.

Dress smart, but comfortable during the training sessions. There will be a mixture of classroom, practical and possibly some outdoor activities. The evening will be cooler, so bring a jacket, cardigan or jumper.

Below are some good and not so good examples of what to pack:

What NOT to wear during training:

Of course you are free to wear your own clothes during your free time in the evenings.
