### TOP TIPS

To help you be prepared for your trip!

- 1** Check all your flight details and information as soon as you receive the confirmation so that any mistakes can be rectified in time, and so that you can plan your trip.
- 2** Don't forget to do the Online Check-in in advance for your flight and arrive at the airport at least 3 hours before departure.
- 3** Check the luggage allowance on your ticket with the airline. We will include one piece of checked luggage, usually around 20 kgs. If your luggage is over the weight allowed by the airline you will need to pay yourself. (40kgs will be allocated if flying straight to your summer destination.  
If the airline asks you to pay for your 2nd luggage (when flying to destination after training), please keep this receipt and claim back once in your summer destination.
- 4** Keep the original receipts for any travel to training you have paid yourself. This would need to be pre-approved and you can only claim the money back with an original receipt once in your summer destination.
- 5** Bring a short extension lead to charge your devices, then you only need to bring 1 EU plug adapter.
- 6** As Turkey is not in the EU you have to pay for calls and for using mobile data, so check your mobile contract in advance. Turn the mobile data off before getting on the flight. Wi-Fi in the hotel is very good. If unsure, always check with your provider first.
- 7** Training will take place at our TUI resorts, so please remember to be respectful of all our colleagues and guest, by ensuring your behavior reflects that of the one expected in your destination, as a proud ambassador of TUI.
- 8** Come with an open mind, be ready to learn, ask lots of questions and meet your new colleagues. And most of all have FUN!!

### DRESS CODE

From the moment you arrive at the training venue, you will be representing the business. It is therefore important that you present a positive smart image at all times, both in the way you dress and the way you behave.

Dress smart, but comfortable during training sessions. There will be a mixture of classroom, practical and possibly some outdoor activities. The evenings will be cooler, so bring a jacket, cardigan or jumper.

Below are some good and not so good examples of what to pack:

### What NOT to wear during training:

Of course you are free to wear your own clothes during your free time in the evenings.
