### TOP TIPS

To help you be prepared for your trip!

1	Check all your flight details and information as soon as you receive the confirmation so that any mistakes can be rectified in time, and so that you can plan your trip.
2	Don't forget to do the Online Check-in in advance for your flight and arrive at the airport at least 2 hours before departure.
3	Check the luggage allowance on your ticket with the airline. We will include one piece of checked luggage, usually around 20 kgs. If your luggage is over the weight allowed by the airline you will need to pay the excess yourself.
4	If you are having to incur on any travelling expenses to get to training, please keep the original receipts (e.g.: bus or train) you have paid for yourself. This would need to be pre-approved in advance, and you can only claim the money back with an original receipt once in your summer destination.
5	As Turkey is not in the EU you have to pay for calls and for using mobile data, so check your mobile contract in advance. Turn the mobile data off before getting on the flight. Wi-Fi in the hotel is very good. If unsure, always check with your provider first.
6	Training will take place at our TUI resorts, so please remember to be respectful of all our colleagues and guest, by ensuring your behavior reflects that of the one expected in your destination, as a proud ambassador of TUI.
7	Download the Holiday Villages App prior to training and access the Training Schedule using this code in the Convention Code: 893003.
8	Come with an open mind, be ready to learn, ask lots of questions and meet your new colleagues. And most of all have FUN!!

### DRESS CODE

From the moment you arrive at the training venue, you are representing the business. It is therefore important that you maintain a positive and professional image at all times, both in your appearance and behaviour.

Dress smart but comfortable during training sessions. The schedule will include a mix of classroom learning, practical activities, and possibly some outdoor sessions. Evenings can be cooler, so please bring a jacket, cardigan, or jumper.

**Below are some good and not so good examples of what to pack:**

### What NOT to wear during training:

Of course, you are free to wear your own clothes during your free time in the evenings.
